CHARLOTTE ELEMENTARY PBIS EXTENDS TO RIDING THE BUS

As part of the Parkview PBIS (Positive Behavior Intervention Strategies) expectations, all students received from a Charlotte Public Schools bus driver, a lesson on how to ride a bus, what to do at a railroad, how to be safe when riding a bus, and received a special coloring book to take home with them to read with their parents. This same experience is provided to all Charlotte Public Schools students in grades DK through 6th. Setting consistent expectations for all school activities, whether in a school building or on a bus, allows students to transition easier and be successful at meeting the expectations. We are proud of our students and the hard work that they do each day to make sure their classmates can learn and grow in an environment that is safe, respectful, comfortable, and fun. Go Orioles! Oriole Pride!
