

Certified Staff Member of the Month/Year

Each month of the school year we will recognize a teacher or administrator based on his/her contributions to the school, excellence in the classroom or school, leadership abilities, citizenship, community involvement and a variety of other criteria described below.

Teachers and administrators can be nominated by a previous or current student, a present employee of the district (the staff member may not nominate his or herself), the parent of a current student or a community member. The nomination should be on the form provided by the district but may be supported by other forms of evidence such as letters of support, pictures, video, and any other appropriate means, as long as there are specific examples of the certified staff member's impact based on the criteria below.

Teachers and administrators will be nominated and selected based on the following criteria:

1. **Excellence in the Classroom/School**-consistently advancing students to higher levels of academic achievement.
2. **Motivation**- having the ability to motivate and encourage students to advance past their expectations both academically and socially.
3. **Leadership**-serving as a leader not only to the classroom, but throughout the school/district.
4. **Community Service**-demonstrating the importance of civic responsibility by being active in community or other service organizations.
5. **Creativity and Imagination**-demonstrating creativity and imagination in their lesson plans and teaching methods that inspire students to learn.
6. **Dedication**-showing excellent attendance, punctuality and a desire to see their students advance.
7. **Communication**-communicating articulately to their classrooms, school, colleagues and beyond.
8. The nominee must be a current employee in good standing with the district.
