

Good News From Charlotte

Charlotte's **Can Do! Organization** believes that, in our community, anything is possible. Our community is one that awakens the imagination and invigorates a spirit of collaboration and generosity among community members, youth, entrepreneurs and leaders to transform the wonder of small town possibilities into realities.

Hayes Green Beach Memorial Hospital is known for its excellent care resulting from a continual focus on quality and service, its people, facilities and technology, and by keeping an eye on the future.

Our hospital believes deeply in the importance of community, knowing the good news we experience comes from focusing on its mission, but also from collaboration in a generous community where they know that good news must be a shared experience.

Hayes Green Beach continues to attract **top clinical talent** for its team and stays up to date with information and clinical technologies. It continues to develop services, with good news in **expanded women's health, urgent care, infusion services, and wellness programs**. As they focus on community vitality, they remain committed to the **generosity projects** and new **healthpark development**. They know the most hopeful future is the one we choose to create together.

The vision of **Charlotte Public Schools** is that of a premier learning organization, fostering relationships with school and community to develop contributing and productive citizens. The district fosters a **safe and orderly environment** where failure is not an option.

CPS is very proud of its new **K-12 Spanish language program** which puts Charlotte in the top 15 percent of Michigan districts that require a world language credit in today's competitive environment. **All-day every day kindergarten** and **the new Weymouth Child Development Center** focus new efforts on serving our very youngest children of our community.

The district has made great strides in increasing achievement of all students with its recent Michigan Education Yes! report card of **all A's and B's** for secondary and elementary school buildings as well as making national AYP for the entire district.

The **City of Charlotte** continues making investments in community infrastructure, and helping local businesses diversify and expand. The city recently opened a **\$3 million fire station** servicing Charlotte and its surrounding townships, and specifically alleviating public safety concerns on the community's west side.

The city has also made significant improvements to the **Beach Municipal Airport**. The enhancements include a remodeled terminal building, 24-hour fuel availability and improved lighting and signage. A new full-service Fixed

Base Operation, Charlotte Air Services, also calls Beach Airport its home.

Recent investment in the city is not limited to public projects. **CVS Pharmacy** recently opened a new downtown Charlotte location, replacing a vacant gas station and improving the appearance of this highly visible downtown block. **WJG Enterprises**, an automotive supplier, has worked with the city and state to re-invest in its Charlotte facility, creating new jobs and diversifying its product portfolio.

We cordially invite all mid-Michigan families to visit our community to experience our numerous destination businesses and organizations. Visit [**www.charlottechamber-mi.org**](http://www.charlottechamber-mi.org) for more information.
