

PLEASE POST

CHARLOTTE PUBLIC SCHOOLS 5-8 STUDENT LAB/CLASSROOM COMPUTERS/EQUIPMENT/INTERNET USE POLICY

The goal of using computers, the Internet, and/or any type of equipment, is to locate information for educational purposes.

I WILL:

Always follow my teacher's directions for using computers, equipment and the Internet

Not use the Internet unless I have my teacher's permission

Use computers, equipment, and the Internet responsibly and respectfully

Ask for help if I don't know how to use computers or equipment

Not give out personal information on the Internet without my teacher's permission

Follow the rules about using the Internet

Tell my teacher if the computer or equipment is not working properly

Not share my login, password or files with others

Not copy or download files or software from the Internet or access someone else's files on school computers

Make sure that the Web sites I access and the language I use on the Internet is respectful, responsible, and educational

A full version of the District's Policy for Electronic Information Access and Use for Educational Purposes can be located at: www.charlottenet.org/technology.htm

Adopted by the District Technology Committee May 27, 2003
