WASHINGTON CELEBRATION

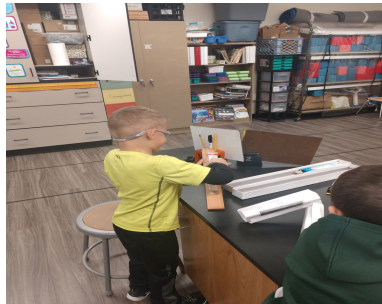

The State of Michigan has created a School System Index Report to show how schools are doing relative to other schools in the State. Washington received a score of 89.95. The median score for the State of Michigan was 71. That puts us at almost 19 points ahead of the median score of 71. This is a huge celebration for all of the hard work of the staff, children, and families that make Washington such a great place to learn.

Factors Included Were:

1. student growth
2. proficiency
3. graduation rate (where applicable)
4. progress of students with limited grasp of English
5. school quality and student success
6. assessment participation

SCIENCE TECHNOLOGY ENGINEERING MATH (STEM)

Students are using spring scales to see how an inclined plane reduces the effort to move objects!

RESOURCES FOR FAMILIES

- ❑ Amanda Brown provides social and emotional support to students in our building. Please reach out by phone or email if you have any questions or concerns relating to your child. 517-541-5170 ext. 3441 Email:
