

# Charlotte High School

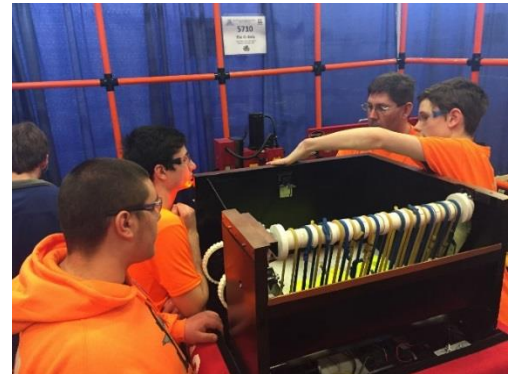

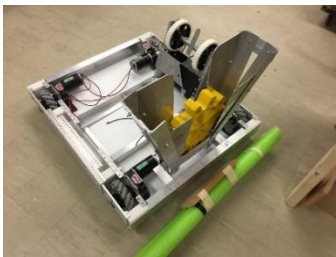

## FIRST Robotics Competition Team 5710

Team 5710, The O-Bots, is the robotics team representing Charlotte High School

We participate in FIRST (*For Inspiration and Recognition of Science and Technology*) Robotics Competitions (FRC) which is a worldwide robotics organization that includes thousands of teams and hundreds of thousands of students.

Our robotics program encourages innovation and fosters well-rounded life skills including self-confidence, leadership, and communication.

### We create opportunities for students to:

- Build and compete with a robot they design themselves
- Work alongside professionals and engineers
- Learn to use the professional state of the art hardware and software
- Develop skills such as engineering design, project management, programming, teamwork, and strategic thinking

### Sponsor our team!

As a public school team running a high-budget program, we appreciate sponsor donations, both in-kind and cash, to continue the work that we do

*Inspiring, teaching, and building tomorrow's leaders and engineers ... today ... one robot at a time!*
