“OUR NEST IS BEST” AT CHARLOTTE’S WASHINGTON ELEMENTARY

Washington Elementary is off to a positive start. The Positive Behavior Intervention and System Team (P.B.I.S.) has led the students and staff through a detailed plan made for a successful year!

After months of planning and strategic coordination, the team was able to train the staff on its positive expectations in the common areas of the building. These expectations were creatively developed and then rolled into a theme of “Our Nest is Best.” The plan has included every child visiting every common area and learning the expectation of how to behave by “Being Kind, Being Positive, Being Ready, and Being Safe.” These lessons are being taught initially and then reviewed after extended vacations, to ensure a learning environment that is optimal for the Washington learners.

Students are recognized for modeling the correct behaviors in the form of “Eggcellent Tickets.” When the school as a whole makes targeted goals, there are celebrations of achievement. Students are currently learning in the classrooms, walking through the hallways, eating lunch, and playing on the playground in a respectful manner that encourages learning at its best!

These efforts are a work in progress and a true reflection of all of the hard work of the students and the Washington Staff. The staff will continue to refine the original plan and student behaviors to create an exceptional learning community here in Charlotte!

At Washington Elementary we are proud to say “Our Nest Is Best!”
