Parkview Elementary School has taken the quote, "It takes a village," to new heights as we welcome community members into our school in a variety of ways to support our students.

Recently, retired teacher Mary Ann Novetske and the Charlotte Veterans presented the school with a new flag and explanation of what Veteran's Day is. Mrs. Novetske visited each classroom and presented a lesson on the history behind the day and how the day honors those who gave their lives for our freedom.

In addition, members of the Charlotte Kiwanis Club visited all third grade classrooms to donate a dictionary to each student. These dictionaries are for the students to keep and use during their class time.

It is now common to see members of local churches and retired teachers throughout our building tutoring students. The "Bridge Program" also provides weekend food to our eligible students.

Charlotte Public Schools and the Parkview Elementary family thank the many volunteers who make the effort to go above and beyond to spend time at our school and help all of our students succeed.
