CHS Students Show Their Commitment to Give

Students at Charlotte High School have been very busy with many community oriented activities. The week of November 17 to November 21, CHS Student Council sponsored the annual high school food drive. Our amazing staff and students at CHS collected over 5,000 non-perishable items that were redistributed for those who need it in our community.

Another one of our biggest community oriented activities is our blood drive. We hold two every year at CHS, and our December 5 blood drive was a success! Our goal was to bring in 40 units of blood, and the staff and students at CHS made that goal possible. We were able to bring in 44 units to help save lives.

Thank you to everyone who helped in both our food drive and our blood drive: all help and donations are greatly appreciated! Student council would like to extend a special thank you to their outside sponsors: Eaton Federal Savings Bank, Jet's Pizza, Subway of Downtown Charlotte, Tunes R Us, and Sidestreet Deli.
