GIRLS BASKETBALL RECEIVES SPORTSMANSHIP AWARD

The 2013-14 girls' basketball team was recognized for their sportsmanship on Friday, January 31, after their game against Jackson Lumen Christi. The girls' team was given an award by the Basketball Coaches Association for their exemplary sportsmanship. After each game the officials rate the schools where they are officiating. The girls ended up being one of the top 100 programs in the state.

The girls were joined by school board members and administration Friday night to show their support. 2014 coaches Steve Myers and Mike Otto were there to accept the award with the girls.
