Oriole P.R.I.D.E. Drawing Winners

Each week, as CHS staff and students celebrate Oriole P.R.I.D.E., students are able to earn tickets for showing what it means to have purpose, respect, integrity, dedication, and excellence in the school. Students submit their tickets to the main office, and then on Fridays, we draw a name and that student wins the prize of the week. Our prizes all have been donated by community businesses and organizations, and so each week, we will be recognizing the student winner and the organization that donated the prize.

Week 1 had two winners, and the prizes were hats donated by the athletic department and foam fingers donated by CHS student council. Kelsey Johnson was the first winner, and she was recognized for showing dedication. Harley White was the second, and she also showed dedication.

Week 2's winner was Alissa Brown, who showed purpose. Her prize, an autographed copy of a Michigan ghost stories book (*Spirits Rising*) that includes a story about our own Eaton County Courthouse Museum and a spot as a host on the upcoming ghost tour, was donated by the museum.

Congratulations Orioles!
