March is Reading Month at the CUE

Each month the Charlotte Upper Elementary participates in different themed activities that tie to events happening nationally and sometimes just locally. This past month, the Upper Elementary students took part in the national reading month to promote the love of reading and the importance of reading every day at home and in school.

At the CUE, we held a kick off assembly and invited State Representative Tom Barrett to read his favorite book to all of the students and help us kick off all of our events. On the same day, all students and staff had the

opportunity to dress up as their favorite book character. When you walked through our halls that day you might have run into Thing 1, 2, 3, 4, 5, or 6 among our fifth grade team. The Lorax and One fish, Two fish, Red fish, Blue fish were also present.

Over the course of the month there have been read-ins, where students have the opportunity to drop everything and choose a book to read. We wrapped up all of the events by holding an end of month celebration where students received a certificate and a book for reading the most minutes throughout the month per grade level. All in all, the month was a great success and our students enjoyed reading and sharing what they have read.
