### PARKVIEW ELEMENTARY WELCOMES MEGAN GREENBERG

Ms. Megan Greenberg, has joined the Parkview Elementary staff as the newest member of the first grade team. Ms. Greenberg comes to Charlotte Public Schools from Portage Public Schools where she had taught kindergarten for two years and first grade for one year.

Michigan State University is Megan's alma mater for both her bachelor and master degrees in elementary education.

Megan's positivity has strengthened her team's dedication in reaching all students with innovative strategies to help them read. She has found that attending professional development sessions and working with her mentor have provided the needed support to understand the pace of the elementary curriculum used in Charlotte, which has been implemented fully into her classroom.

"My goal for my students this year is to develop an attitude that school is a great place to come every day to learn and make substantial academic growth. I also love the support of my grade level team that has enveloped me with Oriole pride." says Megan. Welcome to Charlotte Megan!
