CMS STUDENTS ATTEND LEADERSHIP CONFERENCE

On Tuesday, October 10, 2017, twenty seven returning National Junior Honor Society members from Charlotte Middle School, along with Mrs. Piggott, Mrs. Christner, and Mrs. Jobson, attended a leadership conference by Josten's Renaissance at The Breslin Center at Michigan State University. For more than 25 years, Jostens Renaissance has provided the framework and proven ideas to improve school climate and culture. This contributes to increased attendance and graduation rates, improved academic performance and behavior, and a boost in overall school spirit. The Jostens Renaissance *Find Your Grind Tour*, was hosted by renowned youth speaker Mike Smith. Students left inspired to make a difference in our school, and were armed with proven Renaissance strategies to get started.

As a result of this conference, NJHS students will form subcommittees to utilize strategies learned. The primary purpose of these groups will be to empower students and give them a forum to improve overall school culture.
