## **CHS STUDENT ACHIEVES NATIONAL RECOGNITION**

The Charlotte FFA Organization has been in the national spotlight due to one exceptional Charlotte High School student. Winning the highest recognition of 1st place, Kirsten Langmaack was able to beat out all participants in this year's Dairy Cattle Handlers' Activity. This win was announced in conjunction with the 91st National FFA Convention and Expo held in Indianapolis. She is also now representing the FFA as a Gold Emblem individual. There are 669,989 student members nationwide in the FFA organization and there are 8,630 local chapters, represented in all 50 states. The FFA's mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth and career success through agricultural education. To learn more, visit [FFA.org](http://FFA.org) or follow FFA on Facebook, Twitter, and the National FFA organization blog.
