---

**CMS Principal**

It is our pleasure to take this opportunity to announce that Nick Boucher will be recommended to the Charlotte Board of Education for the position of Charlotte Middle School principal. Most recently, Nick's work at Charlotte High School with Project Success has given him valuable leadership opportunities that will translate well to leading the Middle School. Prior to coming to Charlotte, Nick established himself as a leader who prioritizes supporting students, parents, and staff to reach their fullest potential. We are excited to see the wonderful things that Nick will do along-side students and staff at the Middle School.
