

March 26, 2019

Hello, Parkview Families,

We are having a terrific week here at Parkview. Reading Logs are due on Thursday this week, due to Spring Break which begins on Friday of this week. We have such great fun celebrating our ability to read with a "Readers for Leaders" assembly, a Youth for Arts presentation, finger lights, and chocolate stars. Thank you for all you have done to support your reader at home and we encourage you to continue to take just a couple of minutes during spring break to keep our all on track.

readers

Thank you to all for attending your child's Parent/Teacher conference during the past two weeks. It was very helpful to hear from all about your support at home, celebrating your child's success, and how we can continue to support your child here at school. If you happen to miss your conference, please give your child's teacher a call. We would like to have 100% of our families to hear the good news from Parkview.

If you haven't already, please consider responding to our Parkview Parent Survey. This survey is invaluable to us as we look towards the planning that will soon be in full swing for the next school year. This is a confidential survey and the results are only used here at Parkview for our continued improvement.

There is still time to register for Kindergarten for the 19-20 school year. The next opportunity will be held at Galewood Elementary School on Lovett Street on April 11th from 5:00-6:00. We have packets available in our school office also.

Come join us on Thursday, April 11th from 5:00-8:00 at the Charlotte McDonald's. Throughout the night, staff members will be there to serve you and also receive a donation from McDonald's to our great PTO. Please remember to bring single cash dollar bills to buy their famous cookies. All of the proceeds from these, come back directly to PTO.

We have an exciting event on Thursday afternoon this week that your student will want to report to you-Career Day. Each student will have the opportunity to visit with 3

different adults who will be presenting on their occupations. We have a doctor, vet, chef, fitness instructor, software engineer, and many more visitors to help our students see the vast opportunities that await them as they gain more and more knowledge. Thank you to all who have made this day a reality and great fun for all of our students.

We aren't going to send home Friday Folders this week. Mrs. Beyerlein does have a project for students to do over the break though, so be looking for the chart that they have been asked to fill out showing their physical activity for the week. Please return those to school on our first day back to school on Monday, April 8th.

Have a great Tuesday....KIM
