**Tammy Haley (High School):** “Tammy always goes above and beyond to keep our classrooms clean. She really cares about cleanliness, and it shows!” ~Anonymous

**Kelsie Newman (High School):** “Miss Newman is a long term substitute in the Agriscience department at CHS. She came into the position with very little background in teaching, but hit the road running from the start! Miss Newman cares deeply for all of her students and always makes lessons engaging for all. Even though she has only been teaching for a short time, she is very confident in the classroom. We are very lucky to have Miss Newman as a part of CHS and the Agriscience Program! She has a very bright future in teaching ahead of her!” ~Anonymous

**Washington Elementary Staff:** “So proud to work with an awesome team that has so much grit and professionalism!” ~Anna Schmidt

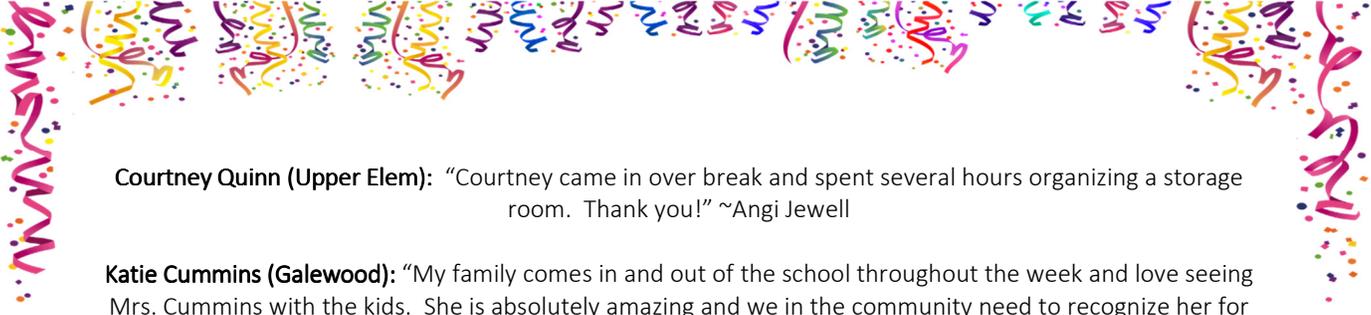

**Courtney Quinn (Upper Elem):** “Courtney Quinn goes above and beyond in all she does. She has continued to help me adjust to a new district and learn about the city of Charlotte. Today she went above the call of duty as an educator, came in over break and helped organize the entire blue hallway storage closet. This was a four hour long task. She continues to challenge herself and her students in all aspects of learning. She continues to hold herself to high expectations and demonstrates integrity in all she does. I am lucky to have Courtney Quinn as a teammate at the CUE! Thank You!” ~Brittani Havenaar

**Katie Cummins (Galewood):** “I have seen many messages left about her and wanted to meet her! Well I made sure to walk my son into school and there she was smiling and greeting every person that came through the doors, as I said I never met her before and she came right up to me, shook my hand saying good morning, I’m Mrs. Cummins, Welcome to Galewood. She took me and made me feel so welcome now I see why my son talks about her every day. Thank you for making Galewood great.” ~Anonymous

**Michelle Marchand (Upper Elem):** “Michelle studied how to prepare a test in Illuminate Ed, prior to the 5<sup>th</sup> grade team meeting to write a standards based test for reading. She also prepared a final version for our team to use.” ~Jessica Hadley
